

Your Handle Type:

Peachtree Prado

1

Remove the escutcheon plate from the interior side of the door.

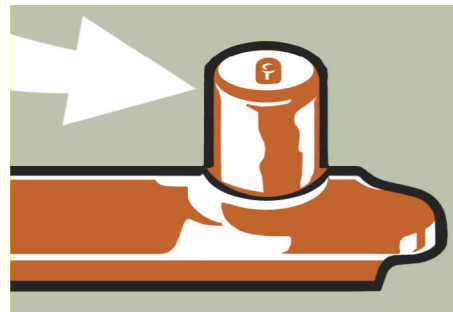

4

Screw on the extension screw.

2

Locate the screw on the back of the escutcheon plate and unscrew.

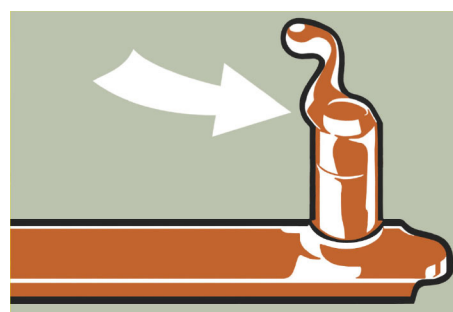

5

Install the extension.

3

Remove the door handle.

6

Install the **door handle**. Tighten the screw on the back of the escutcheon plate so that the handle is secure. Replace the escutcheon plate on the door.
